Dear Mr. Beal:

Thank you for your letter dated April 11, 2008 requesting all documents and related worksheets of the application procedures and methodology used for applying the Harvest value numbering system to all property on Big Pine Key and No Name Key. The Department of Community Affairs (Department) did not participate in these calculations as they were performed by personnel from URS Consulting and personnel from Texas A&M, in concert with Monroe County. However, Department staff has searched for any related documents and worksheets in our files and have found none.

The Department recommends that you contact Andrew Trivette, the Growth Management Director, at the Monroe County Planning Department to secure the requested documents. Mr. Trivette can be reached at (305) 289-2500. The Department regrets not being able to directly provide you with the requested information. Please feel free to contact our office, if the Department can facilitate in this process in any way.

Please do not hesitate to contact me at (850) 922-1766 with any additional comments or concerns you have regarding this issue.

Sincerely,

A handwritten signature in cursive script that reads "Rebecca Jetton".
